

Joy Carpets & Co.

Summer Solstice™

Overview:

Summer Solstice™ by Joy Carpets is a creative and versatile collection of area rugs that can be used anywhere! From the sunroom to patio to playground, these rugs can take on Mother Nature and look good doing it! Constructed from 100% nylon fibers for superior wear and unusual comfort, these products will stand up against soil, stains, and the rigors of UV sunlight.

Care:

Maintain the beauty and overall life of Summer Solstice™ rugs with regular sweeping with a broom or vacuum. If further cleaning is needed, don't worry... they are washable! Stains come out, and our patented quick-dry system eliminates problems from mold and mildew. Spills should be cleaned by blotting with a cloth and then machine washing.

Warranty:

Joy Carpets offers a one year warranty against manufacturer's defects.
