

Joy Carpets & Co.

**StainSmart**<sup>®</sup>  
triple-action protectant

Focus more on living and less on the mess with **StainSmart**<sup>®</sup> triple-action protection. This premium anti-soil and stain technology protects your carpet in three ways:

# REPEL RESIST RELEASE

- ✓ Hydrophobic chemistry keeps spills from penetrating beyond the carpet surface.
- ✓ Blocks dye sites of nylon fiber preventing stains from bonding.
- ✓ Antistatic technology reduces attraction of debris to fiber for enhanced soil removal.

**StainSmart**<sup>®</sup> encapsulates each carpet fiber to provide long-term stain resistance, ensuring a cleaner, fresher and more comfortable environment that can be enjoyed by the entire family!

For additional information, contact your Joy Carpets representative at [joycarpets.com](http://joycarpets.com)

Spills can be blotted and removed easily before they penetrate beyond the carpet surface.
