JOY CARPETS INTRODUCES WORKSPACE™ AREA RUG COLLECTION

Versatile rug assortment expands design options for productive spaces at home or at work.

Fort Oglethorpe, GA – WorkSpace™ complements Joy Carpets' legacy of excellence in Education environments by providing rug options for higher education, corporate workplaces, home offices, and administrative areas. This exciting rug collection layers on-trend pattern, color and texture to provide style and energy to productive spaces.

Made with a 100% nylon, machine tufted construction, Workspace is crafted to withstand high traffic areas. Incorporating anti stain and soil protection for ease of cleaning, these rugs are certain to maintain their original beauty in even the most active areas.

"When it comes to the Education space, Joy Carpets has long been known for its classroom rugs, but schools have many adult spaces as well. We want to have an answer for that," said Marketing Manager Leah Huber. "Our customers like to have options for the schools they serve, and Workspace gives them another arrow in their quiver."

About Joy Carpets

For over 40 years, Joy Carpets has been the leader in the design and manufacture of specialty patterned broadloom, carpet tile, and area rugs for creative and eye-catching interiors. We take pride in providing innovative floor coverings to residential, educational, hospitality, healthcare, and commercial markets, worldwide.

Joy Carpets pioneered fine gauge tufting for high-traffic commercial environments and introduced the first recreational carpeting, Games People Play®, to the industry in 1973. Since that time, we have been committed to meeting the unique needs of our customers by manufacturing the highest quality products through cutting-edge technology and design.
